

# Sylvia Rivera Support Group

Nueva Esperanza is offering a multigenerational community led group for transgender and non-binary folks, named after the legendary, Sylvia Rivera. The Sylvia Rivera support group will be co-facilitated by two licensed clinicians for any additional support needed. We want this group to be for trans and non-binary folks and structured by participants. We will eat meals together, read and study transgender and queer focused readings, films, and art that will expand thinking and clarity around identity.

Meetings will be Wednesdays from 5-6:30 PM at the Mercado, a space next to Nueva Esperanza.

This group is named as an homage to Sylvia Rivera's tireless advocacy and activism around transgender and gay rights for people of color. Our hope in running the Sylvia Rivera support group will be that we can offer a safe space for transgender and nonbinary people to better understand themselves, connect with people of all ages and identities, and build a stronger transgender community in the Holyoke area. Food and beverage will be offered! Please reach out to Chloe Soto at

**[chloe@nuevaofholyokeye.org](mailto:chloe@nuevaofholyokeye.org)** or scan the QR code to enlist in the group. 20 people max, first come, first serve, you must be registered in order to attend.
